Stretton State College received (finalised amount)**

\$793,647

Our full 2017 agreement can be found at: <insert link to 2017 agreement>

Our school initiatives are showing substantial progress toward our targets

After reviewing our 2017 *Investing for Success* agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our initiatives as needed to ensure every student succeeds.

Initiatives implemented include:

- Identifying individual students and providing targeted intervention for them to maximise their achievement and growth in literacy and numeracy
 - Improved A-E data for targeted students
- Continue to develop and implement strategies which extend and support all students, particularly those in the younger years
 - Ensured application of the principles of personalised, differentiated learning by engaging students in learning opportunities appropriate to readiness and individual need
- Employment of a full time Speech Language Pathologist to address early learning deficits and on-going difficulties
- Provision of additional Teacher and Teacher Aide time to support EALD students
- A well resourced Pre-Prep program to address school readiness
- Data conversations were supported to ensure teachers are regularly analysing student performance data and implementing improvement plans in response to this data
 - Improved student literacy and numeracy performance across Stretton State College as per NAPLAN results in Years 3,5,7,9
