**Snapshot report**

**Under the agreement for 2015**

Stretton State College received $793,647

Our full 2015 agreement can be found here: https://strettonsc.eq.edu.au/Supportandresources/Formsanddocuments/Pages/Documents.aspx

Our school strategies are on track to meet or exceed our targets

During 2015, we have focused on maximising the benefits of this funding for our students. After reviewing our Great Results Guarantee agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Strategies implemented include:

- Provide targeted intervention and specific feedback for students identified at all ability levels with personalized programs to maximize their achievement and growth in both literacy and numeracy.
- Deliver targeted professional development to build capacity in our staff.
- Employ a speech language pathologist to support P-2 students.
- Appoint literacy and numeracy coaches to support teachers, including provision of release time and professional development.
- Utilise the pedagogical model Art and Science of Teaching to develop peer observational protocols, conferencing and feedback mechanisms.
- Implement targeted intervention strategies for identified students at risk of not achieving National Minimum Standards in Reading, Writing and Numeracy.
- Participate in regional upper two band programs and academic competitions for identified students.
- Continue to use data to inform decision making and reflect on teaching and learning success.
